We are currently looking to hire a

## **Deputy Director, Service Application Development, working in Munich, Germany**

If you like to see the big picture and design architecture for software development and implementation, this is your unique opportunity to guide your own highly innovative and experienced development team.

### **General Responsibilities:**

- Take technical leadership of a seasoned team of developers
- Develop architectural blueprints and implementation guidelines
- Evaluate and recommend tools, technologies and processes
- Implement complicated business requirements
- Establish quality control procedures

### **Your Profile:**

- At least five years of experience in developing software and managing projects
- Strong belief in the value of collaboration and iteration
- Mastery of agile software development techniques, ideally Scrum
- Knowledge of Clean Code, Test Driven Development and Frameworks
- Excellent knowledge of JavaScript
- Knowledge of C++/object oriented programs, SQL, security and open source

technologies

- Familiarity with VOIP (SIP) and Streaming Technologies
- A degree in computer science or another relevant qualification
- Excellent verbal, written and interpersonal communication skills in English

**We offer:**

- Engagement in all processes of research and development within a continually growing international company with colleagues from Bangladesh, Brazil, Colombia, Finland, France, Germany, Greece, Hungary, India, Ireland, Mexico, the Netherlands, Pakistan, Peru, Poland, Romania, Spain, Turkey, the USA, etc.
- An attractive compensation package (ca. 70% fixed and 30% variable) and 30 days paid vacation annually
- Relocation assistance, free breakfast and lunch, language courses and continual education
- An environment of highly innovative and commercially successful products
- A highly important management role with further career opportunities

**In order to be considered, your application must include a cover letter with a compelling explanation of why you are the person we should entrust with this opportunity.**

Please send your CV, cover letter and all relevant documents by e-mail, including your salary expectation and a possible start date to [careers@ect-telecoms.de](mailto:careers@ect-telecoms.de), mentioning "Director-SolDev" in the subject. Your CV and cover letter should be in English and formatted as a Word or PDF document.

The position is based in **Munich, Germany**.

Employment starting date: immediate.
