ECT is a tech company dedicated to better business outcomes for communications service providers (CSPs) and their customers. With our Telecoms Low-Code Application Platform (T-LCAP), Packaged Business Capabilities (PBCs), ready-to-use apps and agile co-development, we enable CSPs to compose, enhance and individualize telecoms services and products implemented within their telecoms network. Our parent company, the European Computer Telecoms AG, is a German public company located in Munich, Germany, where we employ engineering experts from over 30 countries. The language of our company is English. German is not required.

We are currently hiring a

Quality Assurance and Testing Engineer, working in Munich, Germany

Main Tasks:
- Discovering and analyzing telecoms applications requirements from both the client's and the caller's perspective
- Understanding the purpose, architecture and dependencies of telecommunications services being tested, based on documentation and interaction with developers
- Defining test conditions, test data and test cases
- Writing test cases for manual and automatic testing
- Executing test cases and documenting results
- Scheduling and managing test cycles
- Participating in quality management reviews, ensuring the application design and related work products satisfy the requirements

Requirements:
- Graduate level degree in Information Technology, Computer Science or Telecommunications with practical knowledge of software testing processes.
- Knowledge of JavaScript, shell languages, SQL, XML/XSL, cross-browser testing, Android/IOS app testing, defect tracking and reporting tools (like JIRA)
- Experience in automated testing is a plus
- Methodical and structured approach to software testing
- ISTQB certification is a plus

Who we are:
- **We have an amazing, highly diverse team** with colleagues from Brazil, Bulgaria, Colombia, Egypt, Finland, France, Germany, Guatemala, Greece, India, Indonesia, Iran, Ireland, Mexico, Morocco, the Netherlands, Pakistan, Romania, Spain, Tunisia, Turkey, the USA, etc.
- **We care about you.** All employees participate in the success of our company via our company bonus. We offer a highly competitive compensation package with an initial annual salary of 54,700 – 65,850 EUR (ca. 77% fixed and 23% variable), relocation assistance, free breakfast and lunch, and 30 workdays of paid vacation.
- **We invest in your future.** We encourage all employees to participate in further education and offer in-house language courses and trainings, external seminars and university courses. Many colleagues have even completed company-sponsored MBA programs.

- **We care about our community.** For over 15 years, we have been the main sponsor of the Munich Chamber Orchestra and all employees receive tickets to their amazing concerts.

In order to be considered, your application must include a cover letter with a compelling explanation of why you are the person we should entrust with this opportunity.

Please send your CV, cover letter and all relevant documents by e-mail, including your salary expectation and a possible start date to **careers@ect-telecoms.de**, mentioning "**Q&A-Eff-2022**" in the subject. Your CV and cover letter should be in **English** and formatted as a Word or PDF document.

The position is based in **Munich, Germany.**

Employment starting date: immediate.
