

ECT is a tech company dedicated to better business outcomes for communications service providers (CSPs) and their customers. With our Telecoms Low-Code Application Platform (T-LCAP), Packaged Business Capabilities (PBCs), ready-to-use apps and agile co-development, we enable CSPs to compose, enhance and individualize telecoms services and products within their telecoms network. Our parent company, the European Computer Telecoms AG, is a German public company located in Munich, Germany, where we employ engineering experts from over 30 countries. The language of our company is English. German is not required.

We are currently hiring a

**Quality Test Engineer (m/f/d)
Working in Munich, Germany**

Be part of our new 4 day work week, 32 hours, on full payment. Enjoy an unrivaled work/life balance next to your daily challenges as an employee at ECT. You will work in an interdisciplinary development team and collaborate with different departments by designing, implementing and executing manual and automated test cases to increase the quality of our products.

To pursue our ambitious growth strategy, we are looking for

- a team player
- a logical mind that enjoys using technical know-how to solve problems
- an engineer who has an all-round knowledge of testability, robustness and performance

Skills and Experience

- more than 4 years of experience as Quality Test Engineer
- experience in planning, building & executing test scripts and frameworks
- experience in designing and implementing test strategies on Test Management Tools (Jira is preferable)
- perform feature validation, interoperability testing, field evaluation to get product acceptance from customer
- ability to work with a sense of urgency and attention to detail
- experience in Performance Testing using different tools (like Jmeter)
- experience in Performance Monitoring using EKL Stack or any other APM Tool
- excellent verbal and written communication skills.

Who we are:

- **We have an amazing, highly diverse team** with colleagues from Brazil, Colombia, England, Finland, France, Germany, Greece, India, Ireland, Mexico, the Netherlands, Pakistan, Peru, Romania, Switzerland Turkey, the USA, etc.
- **We care about you.** An unrivaled work/life balance – you work a 4-day week, 32-hours, but get paid for 5 days! All employees participate in the success of our company via our company bonus. We offer a highly competitive compensation package with an initial annual salary of 51,870 – 70,265 EUR (ca. 77% fixed and 23% variable), relocation assistance, free breakfast and lunch, and 30 workdays of paid vacation.

- **We invest in your future.** We encourage all employees to participate in further education. We offer in-house language courses and trainings, external seminars and university courses. Many colleagues have even completed company-sponsored MBA programs.
- **We care about our community.** For over 15 years, we have been the main sponsor of the Munich Chamber Orchestra and all employees receive tickets to their amazing concerts.

Please send your CV by e-mail, including your salary expectation and a possible start date to careers@ect-telecoms.de mentioning "Quality Test Engineer" in the subject.

Employment starting date: immediate.
