ECT is a tech company dedicated to better business outcomes for communications service providers (CSPs) and their customers. With our Telecoms Low-Code Application Platform (T-LCAP), Packaged Business Capabilities (PBCs), ready-to-use apps and agile co-development, we enable CSPs to compose, enhance and individualize telecoms services and products within their telecoms network. Our parent company, the European Computer Telecoms AG, is a German public company located in Munich, Germany, where we employ engineering experts from over 30 countries. The language of our company is English. German is not required.

We are currently hiring a

Senior Solution Architect (m/f/d)
Working in Munich, Germany

Be part of our new 4 day work week, 32 hours, on full payment. Enjoy an unrivaled work/life balance next to your daily challenges as an employee at ECT. You will join the agile programming squad responsible for our low code application platform.

Responsibilities

- Create technical specifications for new features of our Low Code Application Platform
- Design and implement service modules and connectors using our Low Code Application Platform.
- Collect and document requirements for customer-specific features and services, interfacing directly with our customers' engineering teams.
- Aanalyze database structures of our customers' legacy systems in order to specify service migrations.
- Elaborate functional specifications for features, services and migrations, obtaining subsequent approval from the customer.
- Explain your specifications to our internal development and testing departments.
- Write technical documentation

Skills and Experience

- Degree in IT or Telecommunications.
- At least three years of experience in specifying communications services and service migration.
- Solid IT knowledge of IP, web services (SOAP/REST), XML, data modelling, and telecommunication protocols (SIP, INAP, Diameter, etc.).
- Basic programming skills in JavaScript.
- Excellent verbal, written and interpersonal communications skills in English.
